GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

The requirements of this course to know countries around the world, look at ~~news~~ international news every day that we have class. Reading the material that's assigned for class to fully understand the material that's being taught in class. To participate in class as well, complete assignments outside of class (simulation papers/simulation & soliyal)

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

The strengths are that he's willing to help out with students that's struggling, gives out extra credit opportunities. As a person retaking the class lessening the work load was very understandable.

Thank you!

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

The course was very knowledge, challenging and instructive. It opens your mind to the world you live in, history and why many decisions are made in the international relations between nations of the world. Being in this class led me to change my major because I'm always eager to learn more about the world.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

I truly admire the teaching style of my professor. Never a day have I sat in class and felt bored. He is very engaging, makes the course very interesting to learn and also introduce us to many other aspect of learning by in class simulations, soliya and reflecting our knowledge and experience. Also by sharing his own experience and connect to certain conflicts makes you feel a deep connect and a better understanding of why conflict happen... one thing that can be improve is consistency and timing with the chapters.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

We read the textbooks, in addition to readings assigned by Popović, we took multiple quizzes and a few exams of course. We have written reflections on the course and on the Soliya connect program we are in. I think that the focus should be less on the Soliya program and more on "inclass" things, but overall the course itself was effective.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

Popović puts so much effort in to what he is teaching us, into our grades, into our work load; he explains everything thoroughly, gives us a chance to ask questions, is there to help us, and overall it shows that he really does care about our well-being, our grades, and our success not only in this class but also in life. He is my number one professor by

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

The simulation was the most fun ive had in class in 4 years I would love a course that would do more of that

The course load was a little broad at times and I think there were more things I would of rather focused on harder rather than cover 8 things loosely I would of rathered 6 more closely - Course is harder than some of my 300 level classes

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

- Great at relating things to real^{life} real world when you did that It really helped me understand what you were talking about instead of not putting polizy to face

Thank you!

This course is very well taught. one thing i would say is after about half the class time i start to wonder off. I feel that if there were more group discussions that would help individuals like myself pay closer attention.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

Professor POPONE is an amazing professor who is always there when needed. I personally took this course twice due to requirements i had to meet and POPONE believed in me and always gave me the confidence that i could accomplish this course. He is an extremely devoted professor!!!

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

This was a content dense course. We were constantly learning something new, which I appreciated. I think the requirements and the professor's expectations were very fair even though this is a 4 credit course.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

Professor Popovic is very passionate about what he teaches which I think makes the students more inclined to want to learn. He unpacks ideas and concepts in great detail which is also very helpful. I would most definitely take another class with him.

Coming in as a freshmen, I never experienced pop-quizzes. I would usually read but much of the time I would get 0s which will heavily effect my test grade.

Very available outside of class, enjoy the lecture style and note-taking mixed with fun in-class simulation.

Professor Popovic he is a very good teacher he doesn't mind spending hours to help his students. I'm glad glad he knows his exams are hard and maybe he could provide a studying Review sheet in the future instead of only a review session but his class was wonderful I enjoyed being in his class eventhough I get ~~an~~ anxiety everytime there's a test/exam.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

The work that was given was very effective because I was able to fully retain most of the things I was taught. I enjoyed the simulations because it gave me a reason to talk to my classmates and I learned better negotiating skills.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

You are an excellent professor. I love how engaging and invested in your teaching. The way you taught allowed me to retain many things I was taught and I was able to use that knowledge in other classes. Don't change your a wonderful professor. PS. You have a lot of patience 😊.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

This course isn't really for freshmen because as a freshmen myself I found it real hard transitioning from high school to college that which and I devoted a whole lot of time in this class more than any other in this class. I also don't like soliya because I feel it was a whole other class added to my schedule.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

I think the instructor is great however I think he should get the kids involve more for example doing fun class projects.

Examinations were sometimes very difficult. A lot of information needed to be remembered. Most homework assignments were to familiarize ourselves with vocabulary and what our next lectures would be.

Professor Popovic is one of the best teachers I believe I have ever had. I learn a great amount from his class but he demands a lot of work in return which was not always easy.
